MANAGEMENT LETTER	22

INDEPENDENT AUDITOR'S REPORT

Honorable Wendell Hall Sheriff Santa Rosa County, Florida

We have audited the accompanying special purpose financial statements of the Office of the Sheriff of Santa Rosa County, Florida (hereinafter referred to as "Sheriff") as of and for the year ended September 30, 2001, as listed in the table of contents. These special purpose financial statements are the responsibility of the Sheriff's management. Our responsibility is to express an opinion on these special purpose financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the special purpose financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the special purpose financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall special purpose financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

The accompanying special purpose financial statements were prepared for the purpose of complying with state reporting requirements as described in Note A and are intended to present the financial position and results of operations of only that portion of the financial reporting entity of Santa Rosa County, Florida that is attributable to the transactions of the Sheriff of Santa Rosa County, Florida.

In our opinion, the special purpose financial statements referred to above present fairly, in all material respects, the financial position of the Sheriff, as of September 30, 2001, and the results of its operations for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued a report dated December 28, 2001 on our consideration of the Sheriff's internal control over financial reporting and our tests of its compliance with laws and regulations. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

Our audit was performed for the purpose of forming an opinion on the special purpose financial statements of the Sheriff taken as a whole. The combining fund financial statements listed in the table of contents are presented for purposes of additional analysis and are not a required part of the special purpose financial statements. Such information has been subjected to the auditing procedures applied in the audit of the special purpose financial statements and, in our opinion, is fairly presented, in all material respects, in relation to the special purpose financial statements taken as a whole.

December 28, 2001

O'Sullivan Creel, LLP

NOTE A - SUMMARY OF ACCOUNTING POLICIES

A summary of the significant accounting policies consistently applied in the preparation of the financial statements follows.

1. Reporting Entity

Governmental Accounting Standards Board (GASB) Statement No. 14, "The Financial Reporting Entity," established standards for defining the financial reporting entity. In developing these standards, the GASB assumed that all governmental organizations are responsible to elected officials at the federal, state, or local level. Financial reporting by a state or local government should report the elected officials' accountability for those organizations.

As concluded by the GASB, the financial reporting entity consists of (a) the primary government, (b) organizations for which the primary government is financially accountable, and (c) other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

The Sheriff, as established by Article VIII of the Constitution of the State of Florida, is an elected official of the County. The Sheriff is considered part of Santa Rosa County, Florida's primary government for purposes of GASB No. 14. These financial statements of the Sheriff are issued separately to comply with Section 10.557 (3), Rules of the Auditor General for Local Governmental Entity Audits, pursuant to Section 11.45 (8), Florida Statutes.

2. Fund Accounting

The accounting system of the Sheriff is organized and operated on a fund basis. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts recording cash and financial resources, together with all related liabilities and residual equities or balances, and changes therein, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations. The funds and account groups utilized by the Sheriff's office are as follows:

Governmental Funds

These funds utilize a modified accrual basis of accounting. The measurement focus is based upon determination of financial position and changes in financial position (sources, uses, and balances of financial resources rather than upon net income determination).

NOTE A - SUMMARY OF ACCOUNTING POLICIES -- (Continued)

2. Fund Accounting -- (Continued)

<u>General Fund</u> is used to account for all financial resources which are generated from operations of the office, appropriations from the Board of County Commissioners, or any other resources not required to be accounted for in another fund.

<u>Special Revenue Funds</u> are used to account for the proceeds of specific revenue sources (other than major capital projects) that are legally restricted to expenditures for specific purposes.

- 1) Grant accounts for grant revenues and expenditures from several grantors which are used according to the terms of each grant.
- 2) <u>Second Dollar</u> accounts for shared fine revenues from the Santa Rosa Board of County Commissioners which are used for law enforcement training purposes.
- 3) <u>Federal Seizure</u> accounts for shared seizure revenues from the United States Department of Justice which are to be used for law enforcement purposes.

Fiduciary Funds

The two types of fiduciary funds are trust funds and agency funds.

Expendable Trust Fund accounts for assets where both the principal and interest may be spent, and utilizes the same measurement focus and basis of accounting as governmental fund types.

1) <u>Prisoner Recreation</u> accounts for jail commissary and vending machine revenues that are used to provide recreational facilities and equipment for the prisoners.

<u>Agency Funds</u> account for assets held in a custodial capacity for others. Assets equal liabilities in agency funds, and results of operations are not measured. The agency funds utilized are:

- 1) <u>Cash Bond</u> accounts for the collection and disbursement of bond monies posted by individuals upon arrest. These monies are held by the Sheriff until final disposition instructions are received from the Courts.
- 2) <u>Individual Depositors</u> accounts for the collection and disbursement of monies deposited primarily by insurance companies and attorneys awaiting civil process.

NOTE A - SUMMARY OF ACCOUNTING POLICIES -- (Continued)

2. Fund Accounting -- (Continued)

- 3) <u>Suspense</u> accounts for the collection of monies obtained from the Sheriff's sale of abandoned and confiscated property, various court levies, writs of execution, and miscellaneous receipts and the subsequent disbursements to individuals, state agencies, and the Board of County Commissioners.
- 4) <u>Prisoners' Personal</u> accounts for receipts and disbursements of prisoners' personal funds during the period of incarceration.
- 5) <u>Seizure</u> accounts for cash confiscated by the Sheriff's department which is held pending disposition.

Account Groups

Included in the Sheriff's accounting system are "account groups." These self-balancing account groups are not funds and do not reflect available financial resources and related liabilities.

<u>General Fixed Assets Account Group</u> is used to maintain control and cost information on fixed assets owned by the Sheriff.

<u>General Long-Term Debt Account Group</u> is used to establish accountability for the Sheriff's long-term debt. This account group reflects all long-term obligations of the Sheriff.

3. Basis of Accounting

Basis of accounting refers to *when* revenues and expenditures are recognized in the accounts and reported in the financial statements and relates to the timing of the measurements made, regardless of the measurement focus applied. All governmental funds and expendable trust funds are accounted for using the modified accrual basis of accounting. Revenues are recognized when they become both measurable and available as net current assets. Expenditures are recognized when the related fund liability is incurred.

NOTE A - SUMMARY OF ACCOUNTING POLICIES -- (Continued)

4. Inventory

Inventory consists of general office supplies available for all departments. Inventory is valued at cost (first in, first out). The Sheriff uses the consumption method of accounting in which inventory acquisitions are recorded in inventory initially and charged as expenditures when used.

5. Accounting for Fixed Assets

General fixed assets are recorded as expenditures in the general fund at the time of purchase. These assets are subsequently capitalized in the general fixed assets account group. The Sheriff does not engage in the acquisition of public domain (infrastructure) assets. No depreciation is provided for general fixed assets.

All fixed assets are valued at historical cost or estimated historical cost if actual historical cost is not available. Donated fixed assets are valued at estimated fair value on the date donated.

6. Budgets and Budgetary Accounting

The Sheriff operates under budget procedures pursuant to Chapters 30 and 129, Florida Statutes. The Sheriff's general fund budget is prepared on a basis consistent with accounting principles generally accepted in the United States of America. The Sheriff is not legally required to prepare a budget for the special revenue and expendable trust funds; therefore, comparative budget and actual results are not presented for these funds.

7. Encumbrances

Encumbrance accounting, under which purchase orders, contracts and other commitments for the expenditures of monies are recorded in order to reserve that portion of the applicable appropriation, is not employed by the Sheriff.

8. Compensated Absences

The Sheriff does not accrue a liability for sick leave or annual leave in the general fund as payments on this liability will not be made with expendable available financial resources. At September 30, 2001, the liability for accumulated sick leave, annual leave and comp time was \$948,275, \$1,439,920 and \$187,853, respectively. These amounts are recorded in the general long-term debt account group of the Sheriff.

NOTE A - SUMMARY OF ACCOUNTING POLICIES -- (Continued)

9. Total Column

The total column is presented only to facilitate financial analysis. Data in this column does not present financial position, results of operations, or changes in financial position in conformity with accounting principles generally accepted in the United States of America. Neither is such data comparable to a consolidation. Interfund eliminations have not been made in the aggregation of this data.

NOTE B - CASH AND INVESTMENTS

The Sheriff's deposits at year-end were held by financial institutions designated as "qualified public depositories" by the State Treasurer. All deposits were fully insured through a combination of federal depository insurance and participation of the financial institutions in the multiple financial institution collateral pool as specified in Chapter 280, Florida Statutes.

Statutes authorize the Sheriff to invest in direct obligations of the U.S. Treasury, interest bearing time deposits or savings accounts in banks participating in the multiple financial institution collateral pool, the Local Government Surplus Funds, and SEC registered money market funds.

NOTE C - CHANGES IN GENERAL FIXED ASSETS

A summary of changes in general fixed assets follows:

	Balance			Balance
	October 1,			September 30,
	2000	Additions	Reductions	2001
Vehicles, equipment				
and furniture	\$5,655,346	\$ 994,315	\$ 501,219	\$6,148,442

NOTE D - LONG-TERM DEBT

The following is a summary of changes in long-term debt for the year.

Compensated Absences

Balance - October 1, 2000	\$2,193,198
Net change	382,850
Balance - September 30, 2001	<u>\$2,576,048</u>

NOTE E - RETIREMENT PLAN

<u>Participation</u> - Employees of the Sheriff participate in the Florida Retirement System (FRS), a cost-sharing multiple-employer retirement system, established by Chapter 121, Florida Statutes. Participation is compulsory for full-time and part-time employees working in regularly established positions. Elected officials may elect not to participate in the system. Eligible employees may elect to participate in the Deferred Retirement Option Program (DROP), deferring receipt of retirement benefits while continuing employment with a Florida Retirement System employer.

<u>Contributions</u> - Chapter 121 requires the employer to pay all contributions (employee noncontributory) based upon state-wide rates established by the State of Florida. During 2001, the Sheriff contributed an average of 8.69% of each qualified regular employee's gross salary, 16.53% of the elected official's salary, 19.83 percent of each special risk employee's salary, and 12.54 percent for each DROP participant. The contributions, funded on a pay-asyou-go basis, were equal to the actuarially determined contribution requirements for each year and totaled \$1,407,807, \$1,808,357 and \$1,835,501 for the years ended September 30, 2001, 2000, and 1999, respectively.

Benefit Provisions - The FRS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. The FRS provides for vesting of benefits after 10 years of creditable service. Normal retirement benefits are available to employees who retire at or after age 62 with 10 or more years of service, or to those employees who have at least 30 years of creditable service, regardless of age. Early retirement is available after 10 years of service with a 5% reduction of benefits for each year prior to the normal retirement age. Retirement benefits are based upon age, average compensation and years-of-service credit where average compensation is computed as the average of an individual's five highest years of earnings. For DROP participants, the

NOTE E - RETIREMENT PLAN -- (Continued)

deferred monthly benefit plus interest compounded monthly, accrues for the specified period of the DROP participation. Upon retirement, the participant receives the total accumulated DROP benefits and begins to receive current benefits at the previously determined rate.

<u>Financial Report of the Plan</u> - The Florida Retirement System issues a stand-alone financial report. A copy can be obtained by contacting the State of Florida, Division of Retirement, Tallahassee, Florida.

NOTE F - OPERATING LEASES

During the year ended September 30, 1999, the Sheriff entered into operating leases for three district offices. These leases expired during the year ended September 30, 2001. One lease was renewed for a two-year period expiring in November 2002. The other two district offices are being rented on a month-to-month basis along with a fourth district office occupied during the year ended September 30, 2001. The Sheriff also has several operating leases for office equipment. The minimum rental commitments under the above leases are as follows:

Year ending	
September 30,	
2002	\$ 69,330
2003	48,414
2004	36,538
2005	35,028
2006	26,271
Total minimum payments required	<u>\$ 215,581</u>

Rental expense for the year ended September 30, 2001 amounted to \$123,977.

NOTE G - EXCESS REVENUE

In accordance with Section 218.36, Florida Statutes, at year-end excess revenue is remitted to the Board of County Commissioners. Excess revenue due to the Board of County Commissioners at September 30, 2001 is reported as due to other governmental units. Charges for services, interest income and other miscellaneous revenues collected by the Sheriff are considered to be "agency" transactions, not available for expenditure by the Sheriff, and are remitted to the Board on a monthly basis.

NOTE H - GRANT ASSISTANCE

The Sheriff serves as implementing agency for various grants which are reported in the Single Audit Report prepared by the Santa Rosa County Board of County Commissioners.

NOTE I - RISK MANAGEMENT

The Sheriff is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Board of County Commissioners has established a Self-Insurance Fund (an internal service fund) to account for and finance its uninsured risks of loss. Under this program the County is self-insured with respect to the following exposures:

Workers Compensation Auto Physical Damage Auto Liability Construction and Road Equipment

The County is covered by outside insurance for the following exposures:

Portable Communication Equipment Boats Employee Fidelity General Liability, \$100,000 deductible Public Officials' Liability, \$100,000 deductible

Conventional insurance remains in effect for buildings, contents, Sheriff's general and professional liability, Sheriff's automobiles, and Sheriff's medical malpractice for treatment of prisoners. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE AND ON INTERNAL CONTROL OVER FINANCIAL REPORTING BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Honorable Wendell Hall Sheriff Santa Rosa County, Florida

We have audited the special purpose financial statements of the Office of Sheriff of Santa Rosa County, Florida, (Sheriff), as of and for the year ended September 30, 2001, and have issued our report thereon dated December 28, 2001. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether the Sheriff's special purpose financial statements are free of material misstatement, we performed tests of compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*. However, we noted an immaterial instance of noncompliance, which we have reported to management in a separate letter dated December 28, 2001.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Sheriff's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course

of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be a material weaknesses. However, we noted other matters involving the internal control over financial reporting, which we have reported to management in a separate letter dated December 28, 2001.

This report is intended solely for the information and use of the Sheriff, management, and appropriate governmental agencies and is not intended to be and should not be used by anyone other than these specified parties.

O'Sullivan Creel, LLP

MANAGEMENT LETTER

Honorable Wendell Hall Sheriff Santa Rosa County, Florida

We have audited the special purpose financial statements of the Office of the Sheriff of Santa Rosa County, Florida (hereinafter referred to as "Sheriff"), as of and for the year ended September 30, 2001, and have, issued our report thereon dated December 28, 2001.

We have issued our Independent Auditor's Report on Compliance and on Internal Control Over Financial Reporting Based On An Audit of Financial Statements Performed in Accordance with *Government Auditing Standards* dated December 28, 2001. Disclosures in that report, if any, should be considered in conjunction with this management letter.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and *Government Auditing Standards* issued by the Comptroller General of the United States. Additionally, our audit was conducted in accordance with the provisions of Chapter 10.550, Rules of the Auditor General, which govern the conduct of local governmental entity audits performed in the State of Florida and require that certain items be addressed in this letter.

The Rules of the Auditor General (Section 10.554 (1) (g) 1. a.) require that we comment as to whether or not inaccuracies, irregularities, shortages, defalcations, and violations of laws, rules, regulations, and contractual provisions reported in the preceding annual financial audit report have been corrected. All such matters disclosed in the preceding annual financial audit report were addressed and resolved.

The Rules of the Auditor General (Section 10.554 (1) (g) 1. b.) require that we comment as to whether or not recommendations made in the preceding annual financial audit report have been followed. The recommendations made in the preceding annual financial audit report were followed, except as disclosed in Attachment A.

As required by the Rules of the Auditor General (Section 10.554 (1) (g) 2.), we determined that the Sheriff is in compliance with Section 218.415, Florida Statutes, regarding the investment of public funds.

The Rules of Auditor General (Sections 10.554 (1) (g) 3., and 4.) require disclosure in the management letter of the following matters if not already addressed in the auditor's report on the internal control structure and on compliance with laws and regulations: recommendations to improve financial management, accounting procedures and internal controls; violations of laws, rules, regulations and contractual provisions that have occurred, or were likely to have occurred and were discovered within the scope of the audit; illegal or improper expenditures discovered within the scope of the audit that may or may not materially affect the financial statements; improper or inadequate accounting procedures; failures to properly record financial transactions; and other inaccuracies, shortages, defalcations, and instances of fraud discovered by, or that come to the attention of, the auditor. Our audit disclosed the item listed in Attachment A which is required to be disclosed by Rules of the Auditor General (Sections 10.554 (1) (g) 3., and 4).

This report is intended solely for the information and use of the Sheriff, management, and appropriate governmental agencies and is not intended to be and should not be used by anyone other than these specified parties.

Santa Rosa County, Florida Sheriff SCHEDULE OF CURRENT YEAR MANAGEMENT COMMENTS For the year ended September 30, 2001

99-3 - REIMBURSEMENT REQUESTS

<u>Finding</u> – The Sheriff has several grants with the Department of Justice that allow submission of reimbursement requests on at least a quarterly basis. We noted that the Sheriff submits these reimbursement requests near the end of the fiscal year rather than quarterly.

<u>Recommendation</u> – We recommend the Sheriff's grant coordinator prepare and submit reimbursement requests quarterly in order to receive the reimbursements in a more timely manner.

01-1 - ANNUAL INVENTORY OF TANGIBLE PROPERTY

<u>Finding</u> – Chapter 10.480 (1), Rules of the Auditor General, require each governmental unit to ensure that a complete physical inventory of all property is taken annually and whenever there is a change of custodian. The Sheriff has not been able to complete a physical inventory of property since taking office in January, 2001.

<u>Recommendation</u> – We recommend the Sheriff complete the required inventory as soon as possible and implement procedures to ensure sufficient manpower and resources are committed to this requirement on an annual basis.
